

1629. 225.

6th Ruth came home yesterday morning
only to go again Friday night as she
speaks at the school then and on
Tuesday night she speaks ^{at} the
Methodist church.

She has an awful cold and Conner
also has one too.

Our school is out this afternoon.
We will have an entertainment as.

Mom washed Monday and the
clothes are still here in the kitchen,
a hard time to dry them. Mike says
he wouldn't like to be a man that
lives around a kitchen, and then he
is the one around the most.

Neal has gone from us so

we'll say good-bye until

Friday. -
